

Organization	Description
Achieva Family Trust	A member of the Achieva family of organizations, Achieva Family Trust was established in 1998 to address parents' wishes to protect their children's futures. Now, we are one of the largest, most respected corporate fiduciaries for special needs trusts in Pennsylvania. We are a nonprofit organization serving more than 2,300 individuals, with more than \$150 million in assets under management. We believe that everyone should have an equal opportunity to live a better quality life. That's why Achieva Family Trust is committed to serving people with any type of disability, including physical, mental health, and intellectual.
Beacon Health Options	Beacon Health Options (Beacon) coordinates behavioral health services for HealthChoices members living in 12 counties throughout Western Pennsylvania. Our work is driven by our guiding principle of helping people live their lives to the fullest potential, while developing a unique array of services and providers for each county that targets its members' service needs and strengthens their existing delivery systems. Beacon manages clinically appropriate and cost-effective solutions that advocate and promote good behavioral health, as well as help proactively manage wellness and disease. Beacon's Pennsylvania Service Center houses a full continuum of departments, including Member and Provider Services, Network Management, Provider Relations, Prevention, Education and Outreach, Utilization Management, Quality Management, Claims Processing, Finance, and Information Systems.
Brown & Brown Lehigh Valley LP	Brown & Brown is the premier business insurance consultant for behavioral health care providers in Pennsylvania and nationwide. Brown & Brown's specialized knowledge and experience translate into unmatched asset protection and pricing not found in the general insurance marketplace. We are also the largest volume broker for the PCPA Group Workers' Compensation Insurance Trust. More than 75 Pennsylvania providers have experienced the difference. Call to see how Brown & Brown of Lehigh Valley can help you succeed. Visit www.bbinslv.com for details.
CapGrow Partners, LLC	CapGrow Partners helps organizations provide safe and appropriate housing for individuals with a brain injury, behavioral health needs, and intellectual and developmental disabilities. We provide tailored lease programs and develop long-term relationships that allow our partners to focus greater time and resources on fulfilling their operational goals and objectives. CapGrow Partners owns hundreds of homes in dozens of states across the country and enables organizations to improve the lives of those individuals they help. To learn more about CapGrow Partners and our leasing solutions, please visit www.capgrowpartners.com or call 773-327-7691.

Organization	Description
Community Care Behavioral Health	Community Care Behavioral Health Organization (Community Care) is a nonprofit behavioral health managed care organization (BH-MCO) based in Pittsburgh, Pennsylvania. We are a subsidiary of UPMC and part of the UPMC Insurance Services Division. Community Care was created to support Pennsylvania’s mandatory managed care program for Medicaid recipients, called HealthChoices. Since 1999, we have delivered behavioral health services to Medicaid recipients throughout Pennsylvania. Today, we serve over 1 million HealthChoices members in more than half of Pennsylvania’s counties. Our mission is to improve the health and well-being of the community through the delivery of effective, cost-efficient, and accessible behavioral health services.
Credible Behavioral Health Software	With over 19 years of innovation and experience, Credible is committed to improving the quality of care and lives in behavioral health for clients, families, providers, and management. Since founded in June 2000, Credible has partnered with over 475 Partner Agencies in 38 states. Credible is proud to provide secure, proven, easy-to-use web-based software for clinic, community, residential, and mobile care providers leveraging a true partnership approach.
DATIS HR Cloud	DATIS provides a completely unified HR and Payroll software, e3, that empowers Health and Human Services organizations to better achieve their mission. DATIS empowers employees, engages teams, and evolves organizations by uniting all aspects of workforce management within a single platform. Our solution encompasses the entire employee lifecycle, including recruiting, onboarding, benefits, time and attendance, payroll, talent management, and business intelligence. Our end-to-end solution enables organizations to increase visibility, maximize resources, and make an impact.
Devereux Advanced Behavioral Health	Devereux Advanced Behavioral Health is one of the largest and most advanced behavioral health care organizations in the country. Founded in 1912 by special education pioneer Helena Devereux, we serve as a national nonprofit partner for individuals, families, schools, and communities, serving many of the most vulnerable members of our society in areas of autism, intellectual and developmental disabilities, specialty mental health, and child welfare. We are guided by our mission: To change lives by unlocking and nurturing human potential for people living with emotional, behavioral, or cognitive differences. To learn more, visit devereux.org .
Direct Care Innovations	Direct Care Innovations (DCI) is a health care technology company that creates business management platforms for providers and agencies in the Medicaid, Medicare, and Managed Care markets. We believe our innovations can create a better future for Direct Care Workers and the people they support. Our vision is to design systems that enable agencies to eliminate fraud and abuse while empowering providers to put more money into the hands of Direct Care Workers.

Organization	Description

Our mission statement, "Together Building a New Way of Life," is exemplified by our progressive programs and our dedicated, professional staff. We work as a team with our clients to help them change their thinking and behavior in order to maintain their sobriety.</p>

Organization	Description
Foothold Technology	Transform the way you provide care with nimble software and a partnership guided by experience. Foothold Technology is a premier, nationwide human services electronic health record software company. Founded in 2000 and based in New York City, Foothold's client community currently consists of 1,000 provider agencies across 28 states, Guam, and Puerto Rico. Our software, AWARDS, is a configurable, easy-to-use software developed by human services professionals for use by human services professionals. Our service model ensures that each and every client benefits from the wealth of knowledge present in our entire client community.
Hearten Workers' Compensation	At the heart of social services are individuals who are passionately committed to helping others. Hearten, a member-owned workers' compensation captive program, was developed by organizations just like yours. It addresses the specific needs of social services when traditional approaches might not be the best fit. Hearten offers a common-sense approach that is rooted in a deep understanding of alternative insurance solutions and offers a solution that's right for you.
innovaTel Telepsychiatry	innovaTel is a clinically-owned and operated national telepsychiatry provider that partners directly with community-based organizations to improve access to behavioral health services. The demand for behavioral health services is outpacing the availability of providers and telehealth has proven to be an extremely effective solution to this challenge. For the past six years, innovaTel has been providing telebehavioral health services with a remote clinical team made up of psychiatrists, psychiatric nurse practitioners, and licensed clinical social workers with a fundamental mission of increasing access to care.
Insight + Regroup	InSight + Regroup is the leading and largest telebehavioral service provider in the US, with a mission to transform access to quality behavioral health care. InSight + Regroup serves hundreds of organizations and individuals in various settings across the continuum of care with its on-demand, scheduled services and direct-to-consumer (Inpathy) divisions. Given its size, diversity of services, and extensive experience and expertise, InSight + Regroup is uniquely positioned to enable scalable telepsychiatry programs across the care continuum. As an industry thought leader, InSight + Regroup has helped shape the field, define the standard of care, and advocate for improved telepsychiatry-friendly regulations. To learn more, visit www.InSightTelepsychiatry.com and www.RegroupTelehealth.com .
Janssen	Janssen's unwavering commitment to delivering innovative mental health therapies spans 50 years, and we will continue to champion treatments to improve the lives of those with serious mental illness.

Organization	Description
Millin Associates, LLC	Millin has provided revenue cycle management software and services to health and human service agencies since 1982. Today, as Medicaid withdraws from the reimbursement business and hands it over to various managed care organizations, our services and software have become not just valuable, but essential. Millin works with about 230 agencies in Pennsylvania and New York, many of them leaders in the IDD and behavioral health worlds.
Pyramid Healthcare, Inc.	Pyramid Healthcare, Inc. is a premier provider of behavioral healthcare founded in 1999 and headquartered in Altoona, Pennsylvania. Pyramid Healthcare operates over 80 treatment facilities and schools throughout Pennsylvania, New Jersey, Connecticut, North Carolina, Maryland and Georgia, offering a full continuum of mental health, chemical dependency and eating disorders treatment for teens and adults. Pyramid Healthcare's facilities are nationally accredited by the Council on Accreditation of Rehabilitation Facilities (CARF) or the Joint Commission and staffed by licensed and qualified professionals.
Qualifacts	Qualifacts®, based in Nashville, TN, is a trusted provider of Internet-based clinical and financial management applications to the behavioral health care market. Its EHR platform, CareLogic®, provides the technology and services to simplify the increasing complexities facing behavioral health and human services providers across the country. From the rise of virtual care and telehealth to the evolving value-based care landscape, Qualifacts and CareLogic enable organizations to focus on client care by optimizing efficiency and productivity while also keeping them ahead of ever-changing regulatory and reimbursement requirements.
Station MD	StationMD provides medical services to vulnerable populations via telemedicine. Our board-certified doctors have special training in addressing the challenges of these populations, creating a safer, superior, and less disruptive medical solution than a traumatic trip to the ER. Our clients get immediate access to physicians at all hours, filling the vast gaps in medical care that exist in these communities... from a simple prescription refill, to a rash, to an infection. We aim to reduce the costs and trauma associated with unnecessary ER/Urgent Care transfers and office visits – now more important than ever when staying home is safest.

Organization	Description
Streamline Healthcare Solutions	Streamline Healthcare Solutions has been developing and implementing software solutions to behavioral health care organizations nationwide since 2003. Our web-based software solutions are well suited for organizations that wish to have one system that can map and incorporate its entire business processes to a single solution, and then continue to evolve as business needs develop. Our electronic health record solution, SmartCare™, is a web-based, browser based, enterprise-wide application built for the delivery, management, and coordination of behavioral health care services. The SmartCare application is deployed in a live environment at all service levels.
Therap Sevices LLC	Therap Services is a web-based suite of applications used by human service providers, including: Scheduling/EVV, Shift Notes, Direct Billing to PA PROMISE, Health Tracking and eMAR, Goal/Outcome collection and reporting, Incident Management, Business Intelligence, and more! Please visit our booth and find more information at www.therapservices.net .
Welligent	Welligent provides a fully integrated, cloud-based EHR platform and mobile apps to help you work smarter. We have comprehensive solutions that can streamline your practice management, clinical documentation, revenue cycle, and more. Our partnership with Pennsylvania providers includes functionality to support behavioral and I/DD providers in various treatment settings. As a partner to PA provider organizations, we seek to understand your needs and your organization's workflows to simplify your EHR experience. With high-touch support teams focused on you, you can focus on the people in your care. Together we can better serve behavioral health, human services, public health, foster care, I/DD, and student health communities across Pennsylvania.
